

Digital Program Program Overview for 2011-2012

SESSION	PRESENTATION	KEY COMPONENTS	PRESENTER
Nov. 22	Adobe Camera Raw	Learn the power of Adobe Camera Raw (ACR). Save time by doing quick adjustments to your photos. From exposure and color correction, noise reduction, capture sharpening, lens correction and more... to creative localized adjustments, light touch ups and presets. You don't need to go into Photoshop...wouldn't you rather be taking pictures?	Paul Downing
